Overview

Music Crowns is the top discovery channel for unsigned and independent music artists, with over 4 billion views to date, and 10 million weekly views. New for 2022, Music Crowns is launching a new Premium content channel on Stabal TV, featuring brand new episodes of MC Live Sessions, and a whole host of new content formats.

Music Crowns are now offering a range of filming packages, that will create exclusive content that can be broadcast on the new Showcase Channel across Stabal TV and the Music Crowns platform – putting your music in front of millions of viewers. Gold and Platinum packages can be turned into a fully curated ticketed livestream on the Stabal platform, and will provide you with world class content created by one of the industry's leading production teams.
